basicsalon

Unisex Hair & Beauty Workshop

Established in 2007, East London, Basicsalon has paced forward as an innovative hair & beauty salon to meet the basic needs of the ever changing salon market.

Our concept is to bring together hairdressers and beauty therapists from diverse knowledge and experience bases, use this joint creativity, share ideas and then implement them on our workshop floor.

We work in a team ‘made by therapists for therapists and rated by the people’.

We ask for your opinion and ratings on our hair and beauty practitioners’ skills. Your opinion helps to determine a practitioner’s credibility, helping us to improve, up skill and excel in our field.

Our ground breaking workshop offers a wide selection of hair, skin, body and nail treatments at exceptional value for money prices.

As a support to the community: Elderly (aged 60 and above) and disabled, we offer **15% discount from £15 upwards.**

– Strictly Proof of ID necessary at all times.

10% Discount is valid from £15 upwards for those from the following:

- **School/University: Students, teachers, lecturers, staff**
- **NHS: Doctors, nurses, staff**
- **Community worker: police officers, fire officers, postmen, care takers, etc**
- **Charity Organisations**
- **Hair & Beauty practitioners: hairdresser, beautician, masseurs, etc**

Strictly proof of ID with a valid date is necessary at all times or payslip not more than 3months old only is accepted. Terms and Conditions apply.

■ OTHER CHARGES

- As we do not offer a price-scale for different stylists like other salons, we have a surcharge for **specifically requesting therapists or stylists, from £2 up to £5** per treatment service. This amount goes directly to the practitioner, helping them to progress. Do ask prior to treatment if you have a request practitioner.
- Cancellation of appointments within 24 hours or no-shows will be noted. Further appointment bookings will then be charged with a deposit from £10 upwards, depending on the treatment service requested.
- Last minute cancellation on requested treatment booked will be charged £10 and deposit is non-refundable.

■ IMPORTANT NOTE

- It is compulsory to register as a customer to safe guard against possible contra-indications on some chosen treatments and to ease your future appointment bookings on our workshop system.

PT Free Skin Patch Test: 48 hours prior and to do within 3 months after tests.
Hair colouring, Hair highlights, Hair Bayalage, Permanent Japanese Hair straightening, Brazilian hair blow dry, Eye lash tint, Eye brow tint, Eye lash perm and first timer* to body or face wax.
*Tests are required for hypersensitive or reactive skin type

- Do arrive 10 minutes prior to your appointment to register.
- Do wear old disposable clothes when doing any colouring, highlighting, perming or straightening treatments as we do not compensate for any damage to your clothes. We can also provide T-shirts and trousers for you to change.
- We work as a team and at times there may be more than one hairdressers or therapists serving you during a treatment.
- You may then be asked to fill out our satisfaction rating sheet on practitioners’ performance at end of treatments.
- Please read and agree to our terms and conditions before using our services. Further details can be found on our website: www.basicsalon.com, customer page.

■ PRODUCT PURCHASE

- The amount of product needed would depend on the length and density of your hair. You can have your free consultation with the hairdresser to determine the amount your hair needs before any purchase is made. You buy and pay for only what you need – keeping within your budget.

■ WASH SHAMPOO & CONDITION

To achieve the best haircuts, blow-drying, setting and styling, the hair must be free of any products, dirt or oil – this allows a hairdresser to create the right cut and style for you.

We shampoo your hair to cleanse, condition and smooth it. You are welcome to bring your own product if preferred. We charge for our service: a stimulating scalp wash and relaxing conditioning massage.

■ EYE TREATMENTS

EYEBROW & EYE LASH TINT PT

This is the use of colour to enhance your brows and eyelashes. It is recommended for naturally light brows and lashes. It lasts a minimum of one month before your next retouch, so no more running mascara, though you can use it for extra emphasis and achieve a dramatic look.

For lashes choose from **dark brown, black, and blue black.**

For brows choose from **brown, dark brown or brown black.**

Add eyebrow shaping to frame your eyes perfectly.

EYELASH PERM PT

This is recommended for straight eyelashes; a curl opens and emphasises the eyes. It's great for those who constantly curl their lashes and would like to achieve permanency with the look. This curling product is gentle and especially made for the eyelashes. It lasts up to 3 months before your next visit.

EYE MAKE-UP

For a new look, a special occasion or for those who are inexperienced themselves, makeup can add beauty, excitement and freshness, for your eyes to look dazzling all the time.

EYEBROW CLEAN AND SHAPE

Brows act as frames for your eyes and it is important to have the right shape to enhance them, achieving the best from your natural look. For men and women, we clean and shape the eyebrows using different techniques.

Waxing gives a clean shape to the eyes, removing all unwanted hair, thick or fine. In combination with plucking. It gives maximum shape and emphasis to the eyes.

Threading is an ancient way of removing facial hair, which is becoming more and more popular within the modern salon market. This method requires great skill. It uses thread to remove all hair, thick and fine giving the very best shape for the delicate skin around the eyes.

■ FACIALS

This is a treatment ideal for both men and women, improving skin condition, restoring its natural balance and giving you a great feeling of well being. We offer a wide range of cleansing systems for your face, from basic to advanced, personalising for individual skin types. These treatments can be performed in combination with facial electrotherapy (check for contra-indication) to accelerate the improvement of your skin.

We use mainly **organically certified natural product ranges**; free from harsh chemicals and animal testing, which you can also purchase from the in-shop product stand for aftercare and home care. You can also chose to use your own preferred ranges, which we can incorporate into our facial cleansing treatments.

Request for a specific therapist at an additional charge from £2 up to £5. This amount goes directly to the practitioner, helping them to progress. Do ask prior to treatment if you have a request practitioner.

FACIAL

This is a relaxing treatment which improves circulation, assists in toning and hydrates facial skin. It can be incorporated into Indirect High Frequency treatments (check for contra-indication) for deeper absorption and relaxation. Best results are achieved if this treatment is performed on a weekly basis.

	Time (min)	Price (£)
Relax (Cleanse + Massage + Hot towel + Tone + Moisturise)	30	20
Rejuvenate (Cleanse + Exfoliate + Massage + Mask + Hot towel + Tone + Moisturise)	40	25

■ FACIAL TREATMENTS

These are deep cleansing treatments to remove dead skin cells and impurities, specifically chosen for individual skin types. They include steam to soften the skin and can be incorporated with electrotherapy (check for contra-indication) for better absorption, accelerated cell renewal, healing and general improvement of your skin.

FULL FACIAL FOR INDIVIDUAL SKIN TYPE

- Calms sensitive skin
- Hydrate dry or dehydrated skin
- Balance combination skin accordingly

*For more information see next page

■ FACIAL ELECTROTHERAPY Check for contra-indication

This is an electrical facial treatment which works with your body's natural electricity. It will improve your skin condition, contours and muscle tone, stimulating blood flow, assisting lymphatic drainage and giving you overall relaxation. This treatment is incorporated with our facials, for enhancement, or can be used alone. A course of treatments is highly recommended for best results and full benefits.

It is essential that we are aware of anything which may restrict the effectiveness of this treatment: your medical history, contra-indications and contra-actions. You must inform the therapist of any possible contra-indications on every visit as your condition may change. This will help to avoid adverse reactions or the ineffectiveness of treatments.

Skin sensitivity tests will be necessary for these treatments.

DIRECT HIGH FREQUENCY TREATMENT*

This method is used on oily skin or oily areas of combination skin to prevent and destroy bacteria. This will assist the healing of acne or pustular skin, improve the condition of blemished skin, tightening pores and stimulating skin renewal. Best results are achieved through use as a follow up in between treatments for deep cleansing extraction facials on oily congested/acne-prone skin types.

INDIRECT HIGH FREQUENCY TREATMENT*

This method is used with massages to improve the condition of dry or sluggish skin, aiding in deeper absorption of the massage medium for more effective results and greater relaxation. Best results are achieved from a course of treatments on a weekly basis for dry/dehydrated skin types in combination with facial massage.

■ FACIAL HAIR REMOVAL PT

We offer you two different methods of hair removal for the face: waxing and threading.

Waxing* is performed with warm strips; removing all hairs and aiding in dead skin removal. This is recommended for coarse hair on non-sensitive skin.

Threading* is achieved by using a thread to remove the hair, without pulling on the skin. This is therefore recommended for sensitive skin types. Check on therapist availability.

■ BODY MASSAGE

Our most popular treatment, massage releases tensions and can make your day. Pop in at lunch time or at any time between 10am and 8pm. Massage helps to improve blood circulation, moisturises your skin and assists in relaxation for overall well being.

We offer this treatment in a choice of mediums: oil, or talcum powder. Oil is used on all skin types but is especially beneficial for dehydrated, dry or mature skin. Talcum powder is excellent for oily or acne prone skin types, or those who don't like an oily finish.

We offer a range, from on-chair Indian head massage to full-body couch massage. We charge according to the amount of time you require and you can request the specific areas you prefer, focusing tension release on the desired part of your body. You can even book in for a relaxing snooze to help you re-energise during the day.

As always, you are welcome to bring your own products for us to use in preference.

Please note that you are asked to arrive at least 5mins prior to your appointment to register yourself in for any contra-indications. The therapist availability is limited to the time you book in, from consultation to the close of the treatment. If you arrive late or start late, our therapists will do the utmost within the time booked.

CHAIR MASSAGE

This massage is stimulating, vigorous and developed to give you a sense of release.

With this treatment, you remain fully dressed. We offer Indian head massage to achieve tension release in specific areas.

Target areas: Head + Neck + Shoulder + Arms / Arms + Hands / Head + Face / Legs + Foot massage

COUCH MASSAGE

This massage is relaxing, healing and developed to give you a heightened sense of well being.

We cover partial to full body massage. It can be supplemented with the use of a massage medium and hot towel rub. For this treatment, you are partly undressed and under cover.

Request for a specific therapist at an additional charge from £2 up to £5. This amount goes directly to the practitioner, helping them to progress. Do ask prior to treatment if you have a request practitioner.

■ MANICURE

For both men and women, this treatment is designed to tidy cuticles and clean your natural nail area, making your hands healthy and presentable. You don't need long nails to have a manicure, just natural fingernails without artificial nail coverage.

We highly recommend this treatment on a weekly basis to maintain healthy looking nails. We encourage you to have your nail polish removed before you come, so our therapist can spend more time on the actual treatment of your nails.

Our therapists will do as much of the full treatment as possible within the time set. And if you need more time for any extra nail or cuticle work, there will be additional charges. We recommend you do regular maintenance on your nails to save time and to gain full benefits from these treatments.

You are welcome to bring your own preferred nail polish or choose from our in shop selections.

■ PEDICURE

For both men and women, this treatment cleans your feet and tidies your toenails, making them clean, healthy and beautiful. Like a manicure, it is designed to work on your cuticles and toenail area, preventing ingrowing nails and avoiding discomfort for your feet. This treatment is highly recommended on a fortnightly basis to maintain healthy feet.

The **Foot spa (Fs)** is an essential part of this treatment, for hygiene and for the most effective results in removing the build up of skin on the soles of your feet. We encourage you to have your toenail polish removed before you come, so more time can be spent on the actual treatment of your feet. We will charge extra to remove any existing nail polish.

Our therapists will do as much of the full treatment as possible within the time set. And if you need more time for any extra work, there will be additional charges. We recommend you do regular maintenance on your feet to save time and to gain full benefits from these treatments.
